WELCOME!

The New York State School Boards Association invites you to our 99th Annual Convention & Education Expo in New York City on October 25-27, 2018.

Our Convention & Education Expo is one of the largest educational trade shows in the Northeast and the largest gathering of publicly-elected officials in New York State. More than 2,000 school board members, superintendents, district administrative staff and other educational leaders gather each year to learn, network and support public education.

By partnering with NYSSBA as an exhibitor, you can showcase your products and services and provide education leaders with the resources to effectively manage and govern their schools. With more than \$73 billion to spend equipping and managing their school districts and Boards of Cooperative Educational Services, these decision makers are eager to learn about **New Ideas and New Solutions**.

The Expo is an extension of the Convention learning experience – your participation and interaction with our attendees will have a lasting impact on the state’s pre-K-12 public schools.
